**Abstract:** Dandruff skin condition with symptoms includes flak in gland sometimes mild itchiness cause to the scalp. They are many bacteria fungus causing scalp infections which lead to further hair problem your skin issues. There is one of the common conditions which is typically caused on the skin or mucus membrane caused by candida. Herbal extract of gauva leaves, amla and aloe found to be effective in treating Cadidiasis. Guava leaves are rich in vitamin B & C that helps in nourishing hair and also aids hair growth. Guava leaves shows antibacterial and antifungal activity on gram positive and gram negative bacteria.

Vitamin C present in Amla which is 20 times more than that of orange: which prevents premature praying of hairs, it also provides luster to hairs and strengthen follicles. Gauva leaves extract was evaluated by Cup and plate method against the fungus *C.albicans* and bacteria *S.aureus*. Herbal Gel was formulated and evaluated by using Carbopol 940, tri-ethanol amine etc. A poly herbal hair gel was found to be effective against candidias is a long with this is nourished the hair and prevent premature graying.
