Abstract: • WhatsApp Messenger is a proprietary, cross-platform instant messaging application for smartphones. Moreover, to basic messaging WhatsApp Messenger users can send each other images, video as well as audio media messages. The effect of WhatsApp on our lives, culture, and society keeps on increasing. • This growth has also drawn the attention of researchers to understand the implications and effect of WhatsApp on its user's social and personal life. • In this paper, we are presenting a new all in one app having feature wallpapers using Zedge and automatically save photos and videos from WhatsApp contacts using WAPunch.

Keywords: Instance Messenger, Impact, Survey, Usage, WhatsApp
