Abstract: *The proposed paper reveals the facts about the exploitations of Dalits particularly in Gujarat and the response of the Dalits literature for the human rights and identity of Dalits. The writers and thinkers assert the rights through the medium of novels, dramas, poems and other literary forms to give vent to the historical injustice, atrocities, humiliation and discriminations faced by the Dalits due to caste system. Of course, the Dalit literary moment is a parallel to the social struggle of ex-untouchable (Dalits) against the caste based oppression, suppression and depression of the Dalits in India. Here a critical analysis of the liberation movement is offered.*
