

Roots and Shadows – A Feminist Study

Dr. Mala Srivastava

Assistant Professor, Department of English
Deen Dayal Upadhyay Government College, Saidabad , Prayagraj

Abstract: *Feminism recognises the inadequacy of male-created ideologies and struggles for the spiritual, economic, social and racial equality of women sexually colonised and biologically subjugated. An expression of the mute and stifled female voice denied an equal freedom of self-expression, feminism is a concept emerging as a protest against male domination and the marginalisation of women.*

Keywords: *Feminism*
